

Sander Bell

Full-stack web developer specializing in clean designs, efficient code, and user-centered solutions

Summary

With over 15 years of experience in communications, media management, and editorial roles, I bring a wealth of expertise that seamlessly aligns with the profession of a web developer. Just as I meticulously curated content and guided communication strategies in my editorial positions, I create concise code and documentation. My master's degree in psychology, coupled with a course in UX design, equips me to create intuitive user-centered experiences.

Experience

Web Developer · **should:** · 2023

- ❖ Developed a minimalist PWA for daily task management
- ❖ Implemented modular React components to ensure maintainability and reusability
- ❖ Utilized local storage and browser API for data persistence
- ❖ Used Git for version control

Web Developer · **Chiang Mai Air** · 2023

- ❖ Developed a web app that provides real-time air quality data for Thailand's second largest city
- ❖ Utilized async functions to fetch the latest AQI data from an API
- ❖ Implemented caching to improve performance, ensuring a seamless UX

Web Developer · **Rewords** · 2023

- ❖ Developed a browser extension using JS, HTML, and CSS
- ❖ Leveraged MutationObserver to intelligently handle dynamically loaded content
- ❖ Implemented various input validations to ensure no unexpected output
- ❖ Utilized Git for version control

Editor, Team Lead, PR Executive · **Various Media Businesses** · 2008–2022

- ❖ Developed communication strategies and led copywriting teams
- ❖ Secured editorial placements and conducted media training as a freelance consultant
